EXAMINER'S COMMENT

Reasons for Allowance

1. Claims 1-26 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-14, and 19-26, the prior art fails to disclose or render obvious the claimed combination following the limitation: delivering an accelerometer data set to a controller, said accelerometer data set collected during at least two cycles of said engine; processing said accelerometer data set to generate a processed data set indicative of a heat release rate over said at least two cycles; estimating from said processed data set, an SOC error using a pre-determined target start of combustion for said fuel; and if the magnitude of said SOC error is greater than 0, adjusting a start of combustion lever for at least one subsequent cycle of said engine to drive a corrected start of combustion during said at least one subsequent cycle towards said pre-determined target start of combustion.

Regarding claims 15-18, the prior art fails to disclose or render obvious the claimed combination following the limitation: during a cycle of said engine, generating an accelerometer data set from accelerometer measurements provided by an accelerometer positioned on said engine capable of measuring data indicative of combustion behavior within said combustion chamber; processing said accelerometer data set to reconstruct a processed data set indicative of heat release rate within said combustion chamber during said cycle of said engine; comparing properties of said processed data set with properties of a predetermined desired data set to provide an indication of said combustion quality.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Johnny H. Hoang whose telephone number is (703) 308-2782. The examiner can normally be reached on Monday - Thursday (7:00Am-5: 30Pm).
